

Meeting Agenda

Date: 150420

Facilitator: Carl "Linsen" Albertsson

Participants: Carl Albertsson, Isaac Gonzalez, Filip Larsson and Filip Slottner Seholm

1. Objectives. Resolve any issues preventing the team to continue

Get the database (Parse) up and running. to get our first version of the app up and going.

2. Reports from previous meeting

Worked more on the RAD and made the changes our supervisor wanted us to do.

Filip Larsson - Actually creating an ad when pressing the create ad button. Working on fixing defaults in textfields when logged in and creating ads.

Carl Albertsson - Created a simple GUI.

Filip Slottner Seholm - Getting the map up and running, also making it possible to get pins up on the map. Made a distance calculating method.

Isaac Gonzalez - Created Profile and help class. Linked the program with parse.

3. Discussion items

Get parse up and running and after that connect all our classes together to get our first version completed.

4. Outcomes and assignments

Filip Slottner Seholm - Work on Map view.

Carl Albertsson - Start on the GUI.

Isaac Gonzalez - Work on Parse and profile

Filip Larsson - Work on adcreating defaults.

Working together and finish the modification RAD.

5. Wrap up

We all know what to do and will work on our assignments if anyone bumps into a problem we will solve it on the next meeting.

Next preliminary meeting Thursday april 23th.
