Meeting Agenda

Date: 150326
Facilitator: Linsen
Participants: Carl Albertsson, Isaac Gonzalez, Filip Larsson och Filip Slottner Seholm

1. Objectives. Resolve any issues preventing the team to continue
Create a Maven-Android project.
Complete RAD until thursday.
Make initial commit on git.
Everyone shall study up on MVC.

2. Reports from previous meeting
This is the first meeting.

3. Discussion items
Finish RAD by working in a group together so everyone is on the same page, everyone tries to finish creating the Maven-Android project and as fast as someone has succeded tell the others that it's done. Make git commit after the project is created.
Study MVC if you feel like you need it beacuase it will be necessary later.

4. Outcomes and assignments
Everybody:
Try to create a maven-android project.
Rehears MVC pattern.

5. Wrap up

We will work with the RAD and the planning together in group. If people want to use more individual time on the project they should research about Andriod programming.

Next meeting monday March 30th.
